RE: A CLASS III CULTURAL RESOURCE INVENTORY OF DAKOTA, MINNESOTA, AND EASTERN RAILROAD CORPORATION'S POWDER RIVER BASIN EXPANSION PROJECT, SEGMENTS 3 AND 4, CAMPBELL AND CONVERSE COUNTIES, WYOMING

Dear Mr. Bibler:

A third cultural resources inventory for portions of the Powder River Basin Project (PRB Project) in Wyoming is now available for review by the Surface Transportation Board (STB). A report was prepared by SWCA Environmental Consultants (SWCA) with input from ACR Consultants (ACR) under contract with HDR Engineering, Inc. (HDR). This report documents ACR's 2006 and SWCA's 2007 field investigations in Wyoming sponsored by the Dakota, Minnesota and Eastern Railroad (DM&E) in support of the PRB Project.

As we discussed previously, the report has been converted into PDF files to facilitate your review. The files have been uploaded to HDR's FTP Public Site (<ftp://ftp.hdrinc.com>). You will be prompted to enter a username (UAD\MMADSONHDR) and password (u^vFM9ZD) before downloading the report files.

Please feel free to contact me if you have any questions or if I can assist in your review of the report. We look forward to the comments from the STB and the consulting parties.

Sincerely,

A handwritten signature in black ink, appearing to read "MM", written over a horizontal line.

Michael Madson, M.S., RPA
Cultural Resources Coordinator
Powder River Basin Project
